**PRESS RELEASE**

**Electronic Filing Website for Campaign Finance Reporting**

Secretary of State, Ben Ysursa, today announced the availability of electronic filing for Campaign Finance Reporting. Electronic filing is currently available for filing of the Annual Report which is due January 31, 2014.

The electronic version of the report is similar to the Campaign Finance Disclosure paper report and requires the same amount of disclosure. Paper reports may still be filed, however, electronic filing provides several advantages not available to paper filers, including twenty-four hour, seven days a week availability as well as having the reports automatically calculate the Summary and Detail Summary page and check for errors before submitting the filing.

Secretary Ysursa said, "The new Electronic Filing for Campaign Finance is another tool in providing timely and accurate disclosure of campaign activities under the Sunshine Law in Idaho."
